Colors of Fall

Fall is Neon Carrot orange
like a large pumpkin tumbling on the ground
small flowers blowing in the wind
and crisp leaves falling from trees

Fall is Scarlet
Like a crunchy apple that fills your mouth with joy
A beautiful robin sitting on the window sill
And an old leaf blowing into streets

Fall is Raw Sienna brown
Like hard acorns falling on peoples' heads
faded leaves crumpling
And bumpy toads going ribbit ribbit

Fall is joyful and happy
