Colors of Fall

Fall is Scarlet

**Like a bright leaf being blown away
A shiny apple being picked
And a furry fox turning white**

Fall is Mango Tango orange

**Like a straight pencil working on paper
A hot stove burning with fire
And a heavy pumpkin stretching its vine**

Fall is Sepia brown

**Like dead grass sloped over
A pumpkin pie about to be eaten
And a tall tree without leaves**

Fall is the season that makes me feel free
