Colors of Fall

Fall is Fuzzy Wuzzy brown
like a tiny acorn that squirrels would eat
an enormous tree as tall as my 6-foot brother
and a gigantic dog with some white spots around its eyes

Fall is Screamin' green
like little leaves as small as my puppy's paw
a glamorous t-shirt that has little gems on it
and a small rake that is just about my height

Fall is Yellow Sunshine
like leaves that are as big as my head
a ferocious blazing sun as hot as a burger coming fresh off the grill
and a bright folder that is so bright it hurts to look at it

Fall makes me feel very enthusiastic and relaxed
