

Colors of Fall

Fall is Dark Venetian Red
like a gigantic tree so tall
a disgusting stem pulled from the soil
and a stable door which swings right open

Fall is Laser Lemon
like a gleaming sun that shines so bright
a colorful leaf which is so gentle
and a speedy bus that is fast as a bullet

Fall is Light Chrome Green
like glimmering grass after the rain
a dazzling emerald that is so beautiful
and a mysterious plant that stands alone

Fall feels like a breeze that will carry me away
