What Would I be if I Wasn't Human?

I'd like to be a cheetah so I could be the fastest animal on land

I'd adore being a bouncy ball so I could be high in the sky when people throw me

I'd die to be a cane corso so I could be fierce and protective

I'd prefer to be a dolphin so I could enjoy the wonderful ocean without drowning

I'd wish to be a soft blanket to always be warm and comfortable

I'd relish being a barn owl so I could sleep in day and stay awake at night to see the stars in the sky

I'd crave to be a tree to see a lot of things from a distance and live a very long life

I'd yearn to be a komodo dragon so I could be strong and have an island named after me

I'd enjoy being a black bear so I could climb trees and hibernate in the winter

I'd appreciate being a python to be able to have nature on my side

I'd love to be a hot air balloon to be able to look down on people and see them as ants

I'd want to be a couch so I wouldn't have to do anything at all every single day

I'd select to be a blue whale so I could be humongous and I wouldn't have any predators

I'd desire to be a bat so I could hit something without getting in trouble

I'd delight to be a panda so I could fool anything or anyone with my cuteness
